

To Our Valued Customers/Suppliers,

This is a difficult moment for the world and our hearts go out to all those affected by the outbreak of COVID-19. During this crisis, the safety of our global community is our top priority. Our approach is to be as proactive as possible, to put you and your wellbeing first, while ensuring that we are also acting responsibly toward the communities in which we live and serve. It is important that we ALL take precautions to keep ourselves and our population healthy and safe.

As of March 23, 2020, while we continue to remain open, we would like to do our part in ensuring the health and safety of everyone and their families, we have decided to idle the installation of our products into residential homes and buildings.

As well our showroom and offices will be closed to visitors. We ask our customers and vendors alike to avoid face to face contact and keep all necessary communication to phone calls, conference calls, Skype, texts and emails unless necessary at which point the meeting should be pre-arranged.

If you have any questions, please don't hesitate to contact us. We thank you for your support and entrusting us to serve you.

Kind Regards,  
Meloche Windows & Doors
